

AquaBond[®] **RC-7000**
350 Gram Burst Pack

NEW!

**Re-enterable Insulating
and Sealing Compound**

**Protects electrical connections,
But allows re-entry if needed.**

**350 Gram Burst Pack
(12 oz.)**

Shield electrical connections
from water damage.

The visible, re-enterable
moisture seal is a reliable
barrier against constant
exposure to water.

***The most effective
moisture protection available!***

Commonly used for potting
underwater junction boxes,
connecting underwater luminaries for
fountain lights and waterfalls.
